First Woman on School Board

Mrs. Dan Sanders Elected Saturday: New Members to Confer on Superintendent

MRS. DAN SANDERS

The first woman to be elected to the Canyon Independent School Board is Mrs. Dan Sanders, who was named in the election held Saturday.

Mrs. Sanders received 82 votes; B. A. Burrus received 84; and W. R. Crow received 79.

Mrs. Sanders was sponsored by the PTA. She is a former instructor in West Texas State, and taught in the high school until last year.

Paul Lindsey, chairman of the board, states that the regular monthly meeting of the trustees will be held tonight. He has invited the new members to sit in on meetings until they assume office on May 1st. He hopes that it will be possible to elect a new superintendent of the Canyon public schools within a few weeks, but wants the advice of the new members of the board in making the selection.

Supt. Rogers to Talk Thursday at Canyon Hi School

In cooperation with the P.-T. A. and the Randall County unit of T. S. T. A., the Canyon Classroom Teachers Association will sponsor a public relations program Thursday evening, April 11, at 8 o'clock. These groups will meet at the Canyon High School auditorium.

Charles M. Rogers, superintendent of the Amarillo schools, will speak on "Looking Forward in Education."

The program will be open to the public.

Attendance Gain at Palo Duro Park Shown For the Year

Attendance figures at the Palo Duro State Park have been released for the past year, ending March 24. There has been a large increase as gasoline and tires became more plentiful.

Attendance for the past 12 months was 9,376; for the same period ending 1945, 8,437; and for the year previously, 3,128.

No information has been received here as to the steps which are being taken to foreclose the lien against the park. The note is due and will be outlawed this year unless something is done. The Texas State Parks Board and the citizens committee from the Panhandle have agreed that nothing can be done to stave off foreclosure.

Consumers Fuel Election of Officers on Tuesday

Members of the Consumers Fuel Association, Inc., held the annual election of officers and directors Tuesday. J. T. Sykes and Wilson Campbell were named new directors.

Wm. F. Miller was continued as president; Mr. Sykes was elected vice president; Tom Brasher was re-elected secretary-manager. Other directors are: W. T. Oliver, J. H. Lisle, Ross Craig, Albert Byars.

HAD ANOTHER OPERATION

T. C. Thompson underwent a second operation at Temple Monday. He is reported to be in good condition.

Dr. C. E. Donnell has sold his home in Canyon to D. A. Prichard and is moving to Plainview. He announced two weeks ago that he was retiring from the practice of medicine.

Dr. and Mrs. J. S. Humphreys left this week for Nashville, Tenn. They will visit in Tennessee and Kentucky for several weeks.

State Accepted Buff Lake Road, Georgia Street

The Commissioners Court has received the official acceptance of the two additional pieces of road as submitted by Commissioners Calvin Casey and Clarence Beckman. These commissioners made trips to Austin to meet the State Highway Commission with the view of adding to the Wayside designation which is now under construction.

The commission has sent official acceptance of the extension of Georgia Street in South Amarillo, and of the road from Umbarger to Buffalo Lake.

The State Highway Commission agreed to top these roads. In view of the fact that caliche base has been run 20 feet wide, the state will top to this width. Topping on the ordinary farm-to-market road is only 16 feet wide.

Discharged

Cpl. E. F. Hicks who was discharged March 27 after having served for more than 3 years in the Field Artillery has re-enlisted. He served for 17 months in the European Theater.

Capt. L. T. Barksdale will be released from active duty on June 22. He has been in the Air Corps for 4 years.

John R. Kimmins, Lt. (j. g.) was released from active duty March 9. He has been in the Navy approximately 3 years. His foreign service has been in the North Africa-European Theater.

S-Sgt. R. D. Oldham was discharged April 2 after having served in the Army for nearly 3 years. He served for 2 years in the Asiatic-Pacific Theater.

T-4 Clinton G. Hall received his discharge at Camp Chaffee, March 30. He had served for more than 3 years with Engineers, serving for more than a year in the European Theater.

Pfc. Louis A. Fleschute, Jr. was discharged March 29 at Ft. Bliss. He had been in the Air Corps Base Units for more than 2 years.

Pfc. Raymond C. Graves received his discharge April 6 at San Diego. He had served for nearly 2 years with the Marines. He spent 1 year and 4 months in the Asiatic-Pacific Theater.

Cpl. Albert J. Jacobs was discharged March 28. He had spent 2 years and 10 months with the Army.

Happy Birthday

April 12th—
Billy Jean Gill
Carol Sims
Carl Sims

A. D. Prater
B. B. Bullard

Mrs. Cleo White of Las Vegas, N. Mex. arrived at the parental G. B. Bourland home Saturday for a visit with her parents. Two sisters, Mrs. P. A. Preslar with her husband from Childress and Mrs. W. S. Bennett from Amarillo joined her there Sunday.

Mr. and Mrs. A. C. Thompson of Hereford visited Sunday with his sisters, Miss Tennie Thompson and Mrs. B. C. Taylor, Sr.

Drouth Continues High Mercury

Early Wheat Is Reported Hurt; Trees in Bloom May Indicate Spring

In spite of the excessively high temperature for this time of the year, wheat is generally holding up very well.

Farmers report that some of the early wheat seems to be hurt by the 90 degree temperature which has prevailed. No moisture has fallen.

Green bugs have been working in many places over the country.

All trees are now leaved out. While it has generally been thought a late freeze would hit the Plains, there has been no indication of such a cold wave. It would be almost a miracle if spring weather should continue uninterrupted following this period of high temperature.

John R. Sharp Has Started on Medical Course

John T. Sharp, of 704 Fourth Street, Canyon, has been awarded a scholarship for the current academic year for outstanding scholastic achievement in the College of Physicians and Surgeons of Columbia University, New York City, it was announced by Dr. Willard C. Rappleye, Dean of the school.

Mr. Sharp is the son of Rev. and Mrs. J. R. Sharp. He completed the High School at West Texas in 3 years, graduating as an honor student in 1940.

After completing one year in W. T. S. C., he entered Medical V-12 Training at Antioch, Yellow Springs, Ohio. While in Antioch he did 3 work periods in Children's Memorial Hospital, Chicago.

His work was so outstanding at Antioch that he was chosen to attend Columbia.

Since November he has been on the inactive Navy list.

North Door of Court House Has Been Opened

County Agent W. H. Upchurch completed the move of his office to the third floor of the court house Saturday, and was opened for business Monday morning.

The commissioners court ordered opening of the north door of the court house to restore the north corridor, which was closed during the war to provide for a meting place for the various farm boards.

Old Age Assistance will occupy the east part of the office formerly occupied by the County Agent. This office is now located in the telephone building at the southeast corner of the square. The west half of the office will be used as a magazine room by the county library.

STORK SPECIAL

Born to Mr. and Mrs. Albert Vanhaus on April 6 a baby girl, Irene Marie.

Mr. and Mrs. J. C. Dowd and Henry Dowd took Bob Dowd to Prairie View Wednesday then visited in Corsicana with the Mr. Dowds' brother and spent one night in Waco with Miss Martha Jean Dowd, who is attending Baylor University.

Mrs. Ed Phillips, Mrs. John Hammond, Mrs. Boyd Moore, Mrs. C. R. Gilliam, and Virgil Henson were in El Paso from Monday through Wednesday attending the Arizona-New Mexico-Texas Baptist Sunday School Convention.

Dr. A. M. Meyer Is Elected Head of Rotary Club

DR. A. M. MEYER

Dr. A. M. Meyer was elected president of the Canyon Rotary Club for the new year starting July 1. The election was held Tuesday. Dr. Meyer is a member of the Education Department of West Texas State and dean of the Graduate School.

Other officers for the coming year are:

Vice President—Retiring President, Stuart Condron.

Secretary-Treasurer — Arthur C. Haley, Jr.

Directors: J. D. Barker, Olin E. Hinkle, Gordon Lyons, Boone McClure.

New Ag Man To Report Soon

A. L. Crossland, Commerce High Teacher, Is Head Of State Association

Employment of A. L. Crossland of Commerce, Texas, as an instructor in agriculture at West Texas State College has been announced by President J. A. Hill.

Mr. Crossland, now a teacher in the Commerce High School, is president of the State Vocational Education Association. He is a graduate of Sam Houston State College of Huntsville and has an M. A. degree from Texas A. & M. Mrs. Crossland is assistant registrar at East Texas State College. Mr. Crossland is thirty-nine years old.

He will take the work formerly taught by Dr. T. M. Moore, who recently resigned to accept a position with the Veterans Administration in St. Louis, Mo.

Scholastics Show Decline in the Canyon District

Scholastics in the Canyon Independent School district declined 26 from the 1945 count, according to S. B. Orton, secretary and collector.

The count in the district for 1945 was 772; and this number has declined to 746 this year.

Trustees in the common school districts of the county have not reported the census to Judge A. H. Hunt for compilation.

Miss Anna Belle Laughery, who is employed by Western Union in Amarillo, spent the week end in the home of Mr. and Mrs. P. V. Winstead and Miss Polly Winstead.

O. F. Thomas has sold his farm east of Canyon and plans to leave soon for California.

What'd Happen if I Went on Strike?

Auto Plate Sale Shows Increase

More Money Collected Than Shown by Report at End of Sales in 1945

There has been an increase in the number of automobiles in use in Randall county during the past year, according to the sale of 1946 license plates, states M. E. Cantrell.

The following vehicles were provided with new plates:

2200 passenger cars.
284 commercial trucks.
495 farm trucks.
6 motor busses.
4 motorcycles.
104 trailers.
15 dealers' plates.

A total of $59,448.00 was collected for these plates. This is an increase over the total sales as of this date last year.

Total collections of motor plates for the year April 1, 1945 to April 1, 1946, was $73,207.24. The collections for this year should show a considerable increase over this amount.

Upchurch Discusses Food Problems at Rotary Club Lunch

Food production in Randall county is big business, according to a statement made by County Agent W. H. Upchurch Tuesday at the Rotary Club luncheon. The county has produced and averaged for the past four years enough wheat to feed 811,765 people, under the standard requirements.

The following is the estimated gross values of farm products:

Wheat, $5,147,923.
Beef, $1,700,000.
Feed grain, $766,800.
Dairy products, $733,000.
Hogs, $255,000.
Gardens, not including town, $50,000.

These items do not include minor items such as sheep, turkeys, ducks, geese, forage, or feed grain used on the farms.

Mr. Upchurch pointed out that we are in the habit of taking food production for granted; that there will always be plenty of food, and that we shall have enough to buy the food that we require. It is not the case in all parts of the world.

With improved methods of agriculture it is taking fewer people to produce more food.

In 1913 the consumer spent 32c out of each "cost of living dollar" for food. In 1939 he was spending only 23c out of each dollar for food while in 1944 it required only 15½ of the consumer's dollar to purchase the same food items that he bought in 1913 for 32½ of his cost of living expenditure.

While agriculture has increased its production per man hour, industry has steadily decreased, according to a recent statement from Henry Ford II. "Productivity per worker in our plants declined more than 34½ during the war period," stated Mr. Ford.

Mr. Upchurch asked: "If the industrial workers must have more money for less output, when they are eating for a comparatively smaller percentage of income, what must happen to the farmer?

"Our economy is like a 3-legged stool. Labor, industry and agriculture make up the three legs. You cannot shorten one leg or lengthen the other two without the stool falling or having to be propped up."

Industry and labor are struggling to increase their prices, and agriculture must be taken into consideration. The public is not being considered in this struggle.

A chart was shown giving the increase of population and export of agricultural products. Exports are now at the highest point in the history of the nation. The big question is how long farm production can be kept running at full speed.

Visitors were: Rev. Robert C. Fling of Ennis; Rev. Joseph Findley of Canyon; Arch Hunsley, C. R. Janak, Emil Myers, E. Kancher, Bob Clements, John Oakes, Walter Craig, Jess Rogers, all of Amarillo.

Panhandle Press Association Will Meet Friday a. m.

The 37th annual convention of the Panhandle Press Association will be held in Amarillo Friday and Saturday.

Members of the News staff will be at the convention until late Saturday afternoon.

MARRIAGE LICENSE

J. W. Jones to Mrs. Rachel M. Hampton, April 2.

Emile A. LeGrand to Gladys Ivy, April 6.

Jack Neal Cooper, C. O. Cooper, W. J. Wooten, Pat Britain, Shiek McDaniel, J. C. McDaniel, and Tom Knighton left Monday for several days fishing at Possum Kingdom.

Veterans' Hall Will Be Started at Once

West Texas State's Board of Regents, meeting here Saturday, came to terms with Contractor C. S. Lambie of Amarillo for construction of two buildings—a veteran's dormitory to house 100 men and a feeding facility (cafeteria) made necessary by this unit.

The dormitory, to be located north of Terrill Hall, will be built at a cost of $127,000 for the general contract and $32,000 for heating and plumbing installed by W. H. Hayman of Amarillo. The building will have 50 rooms and will be of one-story brick construction.

The cafeteria contract was negotiated with Mr. Lambie at a cost of $160,000 for building and installations. This unit will face east and its main entrance will be opposite the walk from the Administration Building along the Education Building front. It will seat 350 persons at tables or 450 in banquet style, and will have a capacity of 1,000 persons each 1½ hours when operating at capacity as a cafeteria.

President J. A. Hill and Business Manager Virgil Henson were in Fort Worth Tuesday and secured priority for materials for the construction of the two buildings. Bonds for the construction were sold recently by the Board of Regents for the construction.

Will Start at Once

Mr. Lambie will start work on the two new buildings as soon as materials can be assembled. Completion is not expected before fall.

Mr. Lambie is no newcomer to this campus. He has the contract for completion of the annex to Randall Hall. He built the addition to Cousins, the Cottages, the swimming pool, and the basement addition to the Museum. He was the lowest of four bidders here Saturday.

Members of the Board of Regents present were R. L. Thomas of Dallas, M. C. Eidson of Luling, Newton Harrell of Claude, Walter Woodul of Houston, and Judge Wm. L. Kerr of Midland. Mr. Harrell was chairman of the meeting.

M. O. Carder of Amarillo attended as college architect.

Grand Jury Will Investigate Several Cases Today

Judge Henry S. Bishop has recalled the grand jury to investigate four cases which are pending. The jury is meeting Thursday.

Two men and a woman are being held as suspects on forgery cases. One man is held on a burglary charge.

In view of the continuous term of district court, cases may be taken up at any time as the district judge finds time for the session.

Dairy Subsidies Will Be Ready by the 20th of April

Our offices have been moved from the ground floor of the Court House to the third floor.

We are better equipped, in the new location to serve the various programs of agriculture.

The offices moved are the county office of the Production and Marketing Administration known as the County A. C. C., the county office of the USDA Council (formerly the USDA War Board) and the County Agents office.

Every farmer in Randall County is invited to visit us in our new quarters.

Those having dairy subsidy payments due in April are asked to be patient with the delay caused by the move. The first installment of these payments will be ready for delivery April 20.

W. H. UPCHURCH,
County Agent.

Athletes of W. T. Are Honored at Annual Banquet

Members of the football, basketball and track teams of West Texas State were honored Wednesday night at the annual banquet at the college cafeteria.

Dr. D. A. Shirley, chairman of the Athletic Committee, presided as toastmaster. Annual awards and letters were announced by Coaches Gus Miller and Windy Nicklaus.

EDGETOWN H. D. MEET

The Edgetown Home Demonstration Club will meet Friday at 3:00 with Mrs. Lee Forrester. Miss Patterson will give a demonstration of good clothing for children.

Glen McGahey returned Friday from a two weeks vacation trip to South Texas. He accompanied his sister and her husband, Mr. and Mrs. H. R. Curren, who have returned to their home in Kansas City.

J. P. Cousins, who has been in California with his daughter since August, stopped in Canyon over the week end to visit with his daughter-in-law, Mrs. L. M. Cousins. He is enroute to his home in Wynnewood, Okla.

Baptists Set High Goal for Sunday

REV. ROBERT C. FLING

As a part of the revival services being conducted at the First Baptist Church in Canyon this week, a goal of 610 has been set for Sunday School attendance next Sunday morning at 9:45, according to announcement of Superintendent Virgil Henson. This is the enrollment of the school and if reached will set a new high for one Sunday, the previous record being 556 made last October. A "chain attendance" plan is being used this week and members and prospects are being asked to become "links" in the long chain of attendance for next Sunday.

Robert C. Fling of Ennis, Texas is the preacher for the revival services being conducted each day at 10:00 a. m. and 7:45 p. m. and his messages are inspiring, due to his wide study and world travel and sincere consecration to his task. He is a most helpful preacher for young people who are sponsoring attendance at the services this week.

Pastor Roy L. Johnson expresses the hope that many Canyon friends of the church will meet and hear Brother Fling during the week.

Variety Show to Be Seen by Many People in April

More than 5,000 persons will be entertained by the Variety Show of West Texas State College in a series of appearances during the next two weeks.

Dates in Amarillo included the ABC Club on March 29; the Amarillo Lions Club on Tuesday, April 2, and the Rotarians at a later date. The Variety Show will present the assembly program at Amarillo High School on April 11 and will entertain the Panhandle Press Association on the evening of April 12.

The first of the Amarillo Globe-News sponsored trips will begin April 15. The group of twenty-five students directed by Glenn A. Truax will include a single band of twelve pieces, several vocalists, a tap dancer—LaNell Ekelund of Amarillo, a tumbling act by the Weast twins—Opal and Ruby— of Silverton, instrumental soloists, and a reader, Dorothy Rae Bivins of Tulia. The group also functions as a choir.

Their first stop will be at Dumas where they will entertain at the high school at 10 a. m. After eating lunch at Dumas, the Variety Show will proceed to Spearman, where they will give a show in the high school auditorium at 2:30 p. m. In the evening, they will present a benefit program for the Perryton High School senior class at 8 p. m. Merle Cudd, president of the Perryton seniors will be in charge of the event. The Variety Show will spend the night in Perryton. Next Day April 16, the Variety Show will entertain at the Borger High School at 11 a. m., then will proceed to Phillips, where it will present another performance at the high school at 1:45 p. m.

The Variety Show has many invitations which it cannot accept this year because of lack of time and a shortage of transportation facilities. It will travel by commercial transportation.

Johnny Fox, tonsillectomy

TROOP 5 MEETS IN CLUB ROOM

Troop No. 5 of the Girl Scouts of America, Canyon Branch, met in the Scout Club Room at 4:00 o'clock Friday to attend to regular business. A reporter was elected.

Bud Myers and son, Roland, and Alvah Doak from Lubbock; Mrs. R. S. Chambers and daughter from Amarillo spent Sunday with their mother and grandmother, Mrs. W. S. Myers.

Editorials

Robert W. Calvert, former Speaker of the House of Representatives, is a candidate for governor of Texas. He is a fine young fellow who came up the hard way. He has made a good record for himself. He was an orphan and had to fight an uphill battle for a place of distinction. He is brought out by the pro-Roosevelt following of Texas who are determined not to drop the issue. Funny thing is that this crowd, headed by the Democratic State Committee, is afraid of Dr. Homer P. Rainey. They are fearful that Rainey has just one horn to toot, and that is the Rainey horn. They are fearful that if Rainey is elected governor Roosevelt doctrines will be sidetracked in Texas while the donor tries to engrave the name of Rainey, rather than that of Roosevelt, on the hearts and minds of the people. As a result, the Rainey followers are up in arms at the entrance of Calvert. They proclaim that Calvert will do nothing more or less than take votes away from Rainey, and thus lessen the chance of both. It sure is funny to sit on the sidelines and hear these two groups fight over the merits of their prospective candidates. In the meanwhile Rainey keeps mum, and Governor Coke keeps his eye on Rainey. Should Rainey jump into the race, Coke may be induced to jump in and beat the field in the first primary.

A veteran is in Washington seeking his rights. He wants the right to work. He demands that the provisions of the G.I. Bill of Rights be enforced. He got his old job back but was fired by his union. His grievance is that his union would not permit him to do an honest day's work for the money he received. He is old fashioned enough to think that when a man takes a job that he should give his employer his best, and try to earn his pay. The union says, not so. Those who work in this union should do as little as possible, and at the same time draw all of the money that the union can extract from the employers. In other words, we have a fine example of a sit down strike. The vet went to Washington to see what the high officials would do for him. So far all he has received is to be pushed around from one committee to another, from one bureau to another bureau. Every honest American hopes that some one in Washington will take up his cause and see that he is given the right to work.

The bureaucrats of Washington are making an effort to run the everyday affairs of all America. The newspapers are having plenty of trouble just now. Under the original Wages-Hour law newspapers of less than 3,000 circulation are exempt from its provisions. But the bureaucrats are eternally trying to cut under the law and run the affairs of the small newspapers. Another bill is in Congress which would take in all small businesses, including the weekly press. Another papers. It is proposed to stop boys blow now threatens the daily newsunder 16 years of age from carrying newspapers. If this is done boys of this class will be deprived of pleasant after and before school business, and a good opportunity to learn the ways of life. The bureaucrats are not happy unless they keep butting into the affairs of all people.

Bernard Baruch has been appointed head of the atomic bomb commission. It is a tough job to decide what to do with the bomb, and its relations to humanity. You will recall that Baruch was often called in by Roosevelt, but his advice was seldom taken. For instance, he advised Roosevelt to freeze labor when other prices were frozen. Roosevelt refused, and as a result we have had continuous strikes in the nation. Perhaps Truman will be willing to accept the advice of this noted diplomat and economist.

Congressman Lyndon Johnson will not run for governor. He was the fair-haired errand boy under the New Deal, who won his place by right of his friendliness to organized labor. His wife owns a radio station in Austin. There was a strike the other day, the first radio plant strike in Texas. Organized labor is now suspicious of Johnson. He supported the Case bill, which seeks to curb the activities of organized labor. Being a professional politician in this good old 1946 has its handicaps.

Before you condemn members of our Railroad Commission over the present oil muddle, get the facts straight. Colonel Ernest Thompson believes that Texas should give the navy nuts all the other two members, Olin Culberson and Beauford Jester, disagreed and voted against the increase. Oil is vital to the present and future welfare of Texas. Oil furnishes 35% of the state's taxes. Therefore, the future of the state must be protected. Colonel Thompson is a military man, and no doubt looks at the problem from that standpoint; he has a right to his opinion. The other members are likewise entitled to their opinions. Oil is a mystery to the man of the street. He too often refuses to take into consideration all of the facts. Too many look upon all oil men as undesirable citizens who are seeking to defraud the government. This is far from the truth. There is money in oil—when you hit it lucky; but there has been bankruptcy and misery for millions who have gambled and lost. Not all oil men are honest, but certainly not all of them are crooks. The successful ones played a long hunch and won; and all of us wish that we had been so successful.

President Truman became chief executive one year ago tomorrow. The nation was in war, and yearned for war. It was hoped that Germany would fall to pieces and plans for such an event had largely been worked out by President Roosevelt. The successful end of the war with Japan may largely be traced to the ability of Truman. Since the war ended, the President has been confronted by trouble after trouble, none of which were of his own making. You are reading a lot of opinions about his first year in office. Your opinion is as good as any one's since the big shots in Washington cannot agree. Both the Republicans and the Democrats are fighting within their own parties because they cannot agree. One thing is sure and certain: President Truman is honest, and is doing his dead level best to guide the nation through this turbulant time when every greedy American—and that means all of us—is trying to get the most for himself. So far the President has handled a bad situation in as good a manner as could humanly be expected. For a man who did not want to be President, he has shown that he is of presidential timber.

We have never seen the like! We told you last year of the political sheets which have sprung up in Texas. Here the last few weeks we have received copies of several more. Naturally they are the mouthpiece of some candidate. They are seeking to collect from $3 to $5 per year on subscriptions, but are mailed free when you fail to send in a check. For this small sum of money they will tell you all about the latest political gossip of Texas; especially about the favored candidate or candidates whom they sponsor. On with the battle! There will be great doin's in Texas this year.

The Russians have promised to quit Iran by May 10. UNO will drop the case, pending that time when it is hoped that a crisis will be averted, and Stalin will do what he promises to do. The Russian people—the cannon fodder—do not want war any more than the people of America or Britain. But all that they know is what Stalin wishes them to know, which is very, very little. The Russians are easily led, because they have no king been pushed around by an absolute dictator. Another war at this time would certainly wreck the faith of mankind in the ability of rulers in every nation. The result? No one knows.

We see by the Hereford Brand that war has been declared on fire cracker tossers, those smart boys who drive wildly up and down the streets throwing fire crackers indiscriminately at passers by, and even into service stations where attendants are filling cars with gasoline. Canyon has a few such smart boys. They think the prank is very, very funny. As a matter of fact the practice might lead to death or a serious fire. Please, please, boys cut out the silly stunt. If you must burn fire crackers go out into the middle of a section of plowed land where you can injure no one but yourselves and you cannot start a fire.

Boyce House of Fort Worth has not announced for Lieutenant Governor. Yet it is conceded that he is the leading candidate in the race. He was nosed out by John Lee Smith four years ago, and since then has been a very popular entertainer, radio performer and newspaper columnist. More people know his voice and his face than knew him four years ago. This should greatly aid him in the campaign.

We wonder what all of the strikers think as they are again laid off from work because of strikes of other groups. Steel and automobile unions tied up plants for weeks, and now they are being laid off because John L. Lewis has called out the miners. Plants cannot be run without fuel.

A survey under the Gallup Poll shows that a great majority of the people in the United States want Congress to pass legislation to curb strikes. Even among union members the majority favors such a curb. There are thousands of workers in this country who wanted to work, but labor leaders would not allow it.

Attorney General Grover Sellers has announced for Governor. This almost assures that Governor Stevenson will not run. Sellers is a very successful East Texas politician, who has never lost a political race. And Jimmie Allred keeps threatening to run. We shall see what we shall see.

Wheat farmers have a right to be worried. 92 degree temperature in March is a real hazard; and continued dry weather is another hazard. All of this comes at a time when the world needs every bushel of wheat that can be produced.

Our modern girls don't care if their hair does look like a mop. They don't know what a mop looks like.

Hands Across the Sea

The reason some husbands speak sharp and to the point, is because that is the only way they can get a word in edgeways.

Mihail Kalinin is President of the Soviet Union.

Man doesn't know what real happiness is until he gets married. Then it's too late.

The wife has a terrible memory. She never forgets anything bad we have ever done.

People kid us about being fat, but when the time comes, if it ever does, when we can have as much fun taking it off as we had putting it on, we'll reduce.

Simple Arithmetic: With the civilian price-front weaker than the labor wage-front, wages mount, prices soar, and John Q. Public foots the bill.

Get Ready to Go

At the Sign of the Flying Red Horse

SUMMERIZE
THE SEASONAL CARE ALL CARS NEED

It's great to have a car that's ready to go when you are! Have your car put into condition now to get all the benefit from FLYING HORSEPOWER in the new MOBILGAS, with Magnolia SUMMERIZE Service. This is a seasonal preventive maintenance job that takes in every vital part of your car—eliminates the left-over hazards of winter driving by changing from the light winter oils and greases to the heavier grades needed to withstand the heat of summer driving. It adds extra wing-spread to your "Flight on Wheels." Get a bonus in car performance with Magnolia SUMMERIZE Service and FLYING HORSEPOWER.

ENGINE—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBILOIL that cleans as it lubricates . . . a war-proved oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Gives you a MOBILOIL CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.

GEARS—Dirty oils drained from transmission and differential and replaced with fresh, tough MOBILOIL GEAR OILS of the types and grades to fit the make and model of your car.

RADIATOR—Cleaned with MOBIL RADIATOR FLUSH. MOBIL HYDROTONE added to KEEP the cooling system clean and safe from rust and scale.

CHASSIS—Complete Mobilubrication of all vital parts, for protection against friction and wear.

Dr. Pritchard Is To Be Speaker

Commencement Plans to Be Known Soon—Easter Holidays Are Near

Dr. Francis W. Pritchard, pastor of First Presbyterian Church, Amarillo, will deliver the West Texas State baccalaureate sermon May 26.

In making this announcement, President J. A. Hill said the name of the commencement speaker would be made known soon. Commencement day will be May 30. The Summer Session will open June 4.

Other catalog dates include the Easter vacation, which begins at close of work Thursday, April 18, and ends with resumption of classes on Monday, April 22.

May 3 will bring the annual meeting of the Panhandle-Plains Historical Society.

Realtors are as busy as doctors, nowadays. You can't even see a house without an appointment. Or is it because they must have time to bail the water out of the basement?

The Proven Killing Insect Spray.

BISON DIDIT DDT

DIDIT is the proven killing spray.

DIDIT contains %5 Technical grade DDT licensed under U. S. patent.
DIDIT carries the Good Housekeeping Guaranty Seal on each bottle.
DIDIT Kills FLIES, MOTHS FLEAS, ROACHES, MOSQUITOES, ANTS, BEDBUGS GALORE.

50c pt. --- $3.25 gal.

Difference between DDT Technical grade and DDT Isomers.

DDT Technical grade, setting point 88o centigrade or better. Be used in the insecticide solution as distinguished from DDT Isomers. The DDT Isomers are the same in Chemical Composition by weight as DDT Technical Grade, but not in chemical structure, so that the Isomers are only 15% as effective as DDT Technical Grade. The Isomers are produced when DDT is recrystallized and are a by-product of recrystallization.

Advantages of DIDIT over other DDT Sprays

DIDIT Carries Good Housekeeping Seal of Approval.
DIDIT Is Insured by National Insurance Co. indemifying the seller against product liability claims or damage to property.
DIDIT Kills insects up to 60 days.

More than one million bottles have been sold. It must be good. Get yours today here.

Canyon Drug
"UNEXCELLED PRESCRIPTION SERVICE."

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of April 14, 1921)

Edward R. Mayer of Amarillo told a large group of Canyon citizens that he planned running a gas line to Canyon and Hereford. Citizens of Clovis are seeking to have the line extended to that town.

The Santa Fe is not ready to change the time back to Central Zone until May 1. Therefore most towns along the line will not change next Sunday morning.

Dixie Lee Brumley and Harry Holland of Amarillo were married at the parental R. O. C. Brumley home.

A daughter was born to Mr. and Mrs. E. J. Bauer.

Cass McGee, a former employee of The News, has bought the Hale Center Record.

Bonnie Hazel Adams and Loyse Gillham were married at the home of the bride's parents, Mr. and Mrs. D. L. Adams, at Wayside.

A. D. Payne of Abernathy has moved his family to Canyon. (Note: (He was later superintendent of the public schools; then moved to Amarillo where he killed his wife, and committed suicide in the Potter county jail).

Oscar Hunt is laid up with a mashed foot. He stepped from the car of John Guthrie before the machine had stopped and the rear wheel ran over his foot.

The commissioners court rejected the petition to employ a full time home demonstration agent because of lack of funds.

Haydn's "Creation" will be presented at the college tonight under the direction of Wallace R. Clark. A chorus of 75 voices, accompanied by the 25-piece orchestra will give the program. Miss Ada V. Clark, soprano; J. J. Powell, tenor; Clyde Warwick, bass, are the soloists.

CARD OF THANKS

To the many friends who in any way assisted us during the short illness, death and burial of our wife and mother, we wish to express our sincere thanks. May the richest blessings of our Divine Creator be with each one of you throughout the years to come.

J. W. McCrerey, Miss Oscie McCrerey, Mr. and Mrs. H. C. Long and family, Mr. and Mrs. Richard Gidden.

When the wife poured the soup on the pork chops that caught fire, we decided then and there that she was eligible for one of those bureaucratic jobs in Washington.

In the olden days the maiden used to remove her glove so the gentleman could kiss her hand. Today, she just lifts her veil.

Sadie the Salesgirl maintains that a counter irritant is a woman who shops all day and buys nothing.

Russia is famous for its "kolhoz" or collective farms.

NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS
COUNTY OF RANDALL

To Those Indebted To or Holding Claims Against the Estate of R. F. McConnell, Deceased:

The undersigned, having been duly appointed administrator of the Estate of R. F. McConnell, Deceased, late of Randall County, Texas, by A. H. Hunt, Judge of the County Court of Randall County, on the 18th day of March, A. D. 1946, hereby notifies all persons indebted to said estate to come forward and make settlement and those having claims against said estate to present them to him within the time prescribed by law at his place of business in Canyon, Randall County, Texas, where he receives his mail, this the 18th day of March, A. D. 1946.

LEVI COLE,
Administrator of the Estate
3t4 of R. F. McConnell, Deceased.

Of the earth's total surface of some 197,000,000 square miles, approximately 139,500,000 are covered with water and the balance, 57,500,000 square miles is dry land.

New Recruit: Why is it that we have to do so much marching?
Sergeant: Because it keeps you fit.
Recruit: Fit for what?
Sergeant: Fit for marching.

Sharing a party-line telephone!

If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service.

Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting.

It's a big job—catching up with four years of backed-up demand. But we're hard at it. As soon as possible, we'll bring service to everybody who is waiting for it. And, after that, we expect to be able to furnish one-family telephone service to those who want it.

"GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too.

Thanks a lot.

General Francisco L. Urquizo, representing President Camacho of

His wife said he hadn't any business kissing any woman but her, and he agreed. However, he said he felt there was a lot of difference between business and pleasure.

What others think about you will not cause you a moment's concern if what you think about yourself doesn't worry you.

Major Littlefield, Regent of the University of Texas, and donor of the famous Wrenn library, died within two years of its opening.

The man who likes a cigar after a good meal probably smokes about one a month, nowadays, and that, providing he can find one.

Any man who watches the clock will never be the man of the hour.

Jim White in his column in the Brownwood Banner says that Frank Grantham has suggested that when the Pioneers Association meets, the membership regulation should be changed so that all who came to Brown County 40 years or more ago would be eligible. Mr. Grantham was 80 years old the other day, writes Mr. White, "but due to a regrettable error in judgment, he did not come here 50 years ago, and would like to be on the roll."

If the limit is lowered to 40 years, your columnist would be eligible for membership for it was in January, 1906, that I moved with my parents to Brownwood. My father opened a small grocery store on the principal street, and, ever since then, the smell of spices and of freshly-ground coffee has reminded me of those days. The most important business establishment from the standpoint of a nine-year old boy was not however the Crescent Grocery—it was Kaneaster's Kandy Kitchen, where all the spare nickels that I could get were spent.

When we first arrived in Brownwood, we had rooms at a boarding house just across from the campus of Daniel Baker College and I remember some of the college boys—men, they seemed to me, and their athletic yells, one of which was a real gem of poetry:

"Johnny get a rat-trap bigger than a cat-trap;
Johnny get a cat-trap bigger than a rat-trap—
Cannibal, cannibal, siss-boom-bah!—"

I regret that my memory has not preserved the masterpiece in its entirety but that will give you the general idea.

After a few weeks, we found a house to move into; it was cat-a-cornered across the street from an elementary school, about three blocks from the business section—north of the business section, I think. Directions always confused me in Brownwood, on account of the twisting streets. I remember there was a standpipe near the center of town and they told a story of a traveling man who walked around and around for half an hour then said, "This is the durndest place I was ever in; five standpipes and not one postoffice."

In our yard there was an oak tree, a big, tall one—about the biggest in the world, I reckon. One day, a playmate jumped out of the fork of the tree and so of course I wouldn't take a dare; I jumped out, too; it certainly was a long way to the ground. Nearly 20 years later, when I revisited Brownwood, I strolled past and, you know, the oddest thing: you'd think that in 20 years that tree would have grown a good deal; but it hadn't, in fact, it looked to me as though it had shrunk; it really wasn't very far from the fork to the ground.

I can remember the Carnegie Library and of reading books from it: books written by G. A. Henty and Horatio Alger and a wonderful volume called "Forty Years on the Plains" that was full of Indian fights and scalpings and prairie fires. One time, we chose sides and pretended to be settlers and Indians. The settlers were barricaded in a stockade which in this instance was the loft of a barn and the ammunition was corn-cobs. The Indians could get at the settlers in only one way; one at a time, they had to climb a narrow ladder that led to an opening and when a head was thrust through, there was the greatest whizzing of corn-cobs you ever saw. I thought it was great fun. I was one of the settlers.

HARVEST WILL COME SOON
WHAT ABOUT YOUR

Combine

Every farmer knows how vital is his combine during wheat harvest.

Every farmer knows the critical situation as to new combines and to repairs for their old machines. Due to strikes and shortages there simply will not be the usual flow of machines and parts this year.

This means that action must be taken now to get ready for the 1946 harvest.

Every bushel of wheat must be saved in 1946 to feed the starving world. In order to do this, all farmers must get their combines ready for harvest now, while parts and labor are available.

We hope to be able to service your combine before you are ready to start cutting.

Seek Wider Salvage Of Poultry By-Products

Just as pork packers save all the hog but the squeal, leaders in the poultry industry believe that several by-products of poultry dressing plants can be used better than they are used now. These products include, among many others, feathers, combs, shanks and feet.

Of approximately 100 million pounds of feathers picked from chickens in a year, not more than a fourth are now used by feather processing plants. Most of the feathers are thrown away or are used for fertilizer. Yet feathers are fiber, similar chemically to the wool of sheep or the bristles of hogs. Laboratory research has produced feather thread that can be woven into cloth or twisted into yarn. Another possible use is for sewing up incisions after surgical operations. Like catgut, feather thread is absorbed eventually. Finely ground feathers, mixed with binding material, have been molded into light weight and colorful trays and dishes. Still another use is for making wallboard of high insulating value. Feather fiber that has been ground loose from the quills, when mixed with by-products of rubber, yield a product somewhat like imitation leather.

On the basis of French experience, pickled cock's comb has food uses. The shanks and feet are reported to make an excellent gelatin, though scientific study of these products has not yet gone far. The small oil sack on the back of a chicken just in front of the tail provides an oily secretion that the bird spreads on its feathers to keep them shiny and to help shed rain. This oil may have some commercial use. The visceral fat of chickens has proved valuable in soap making; and other residues of eviscerating plants yield high grade tankage.

Care, Cleanliness Aid Summer Wear Storage

A great to-do is made about putting winter clothes away carefully to prevent moth damage, but not so much caution is advanced on storing summer clothes. Yet here, too, care and cleanliness can help save a season's wardrobe.

Rayons should be packed away, preferably wrapped in cloth, not left hanging uncovered in a closet where dust can settle and light can fade shoulders and the exposed sleeve. Bathing suits should be laundered carefully before storing to be sure there are no lingering traces of salt water or chlorine to weaken the fabric or fade colors. Woolen swim suits should be stored with a moth preventive, and wrapped well in paper. Sneakers and fabric shoes should have a thorough final cleaning with soap and water, for perspiration and soil tend to rot the material. Dry and air them thoroughly before putting away.

Summer clothes should be put away clean, but not starched. Starched clothes, when folded a long time, tend to crack along the folds. Besides, there is some danger from little insects, called silver fish, which dote on nibbling starched fabrics and rayons. Wash white hats and bags and gloves, too. Then when next summer comes instead of opening a box of tired old things that have suffered during hibernation, you'll be delighted to find that a short spell of ironing will present you with a season's wardrobe.

Plant Lice

Tiny soft bodied plant lice or aphids are of different colors, green, red and yellow being the most generally observed. The long, cool, wet spring favored the growth and reproduction of aphids and killed off many of its natural enemies, notably the ladybugs. The aphid reproduces rapidly, and if left alone it is said that one female could girdle the earth with her offspring in a single season. Plant aphids suck juices out of plants, such as the leaves of trees, the buds of roses and flowers, buds of delphinium and peony. They secrete a sweet liquid or honey-dew to which ants are very partial. Some varieties of ants protect and keep herds of aphids by protecting their eggs, by feeding them and by carrying them in the winter down into their burrows, out again in the spring and onto green and luscious plants; all the while the ants stroke the backs of the aphids with their antennae to get this sweet liquid as their food.

Appetite Appeal

In planning meals, try to work out interesting contrasts—crisp cabbage slaw with baked beans, crunchy toast or crackers with soup, toasted sandwiches with salads are suggestions. Avoid serving more than one watery vegetable, or more than one protein-rich vegetable at the same meal. Lacking appetite appeal, even a nutritious meal may go half eaten, warns the home demonstration agent and half eaten meals adds to the huge amount of food wasted. A meal composed of macaroni and cheese, creamed cauliflower, mashed potatoes, white bread, milk and pudding, although nutritious, make an uninteresting combination because the foods are pale, soft and bland. Contrast with this meal one having cheese souffle, snap beans, parsley, potatoes, raw carrot sticks, muffins, milk and fruit cup. This menu offers contrasting colors, interesting textures and flavors—it is a well-balanced meal," recommends the agent.

We always think well of a judge who renders a favorable verdict.

Program For AAUW Ready

General Chapters Join In Conference to Be Held Here April 13

Dr. Margaret Lee Wiley, former W. T. faculty member who is president of the Texas A. A. U. W., will have a full day of activities when she comes to the campus April 13.

The Canyon chapter is host to a conference in which the theme will be "What Is Higher Education for Women?"

The morning session will start at 11 o'clock in the main auditorium. Miss Jean Moore, president of the local branch, will welcome delegates from several Panhandle cities. Dr. Lorraine Bruce of the Pampa branch will respond. A program illustrative of creative arts will be presented by the departments of education and music. The Borger branch will direct a program on science in industry and home-making. The humanities will be the subject of the Lubbock branch, and teaching of the Amarillo branch. Dr. J. A. Hill will speak on "Moral and Spiritual Development."

At the noon luncheon, Miss Ruth Lowes will extend greetings and music will be provided by W. T. High School . Visits to the Science Building and Museum will be made before the afternoon session begins at 2:30 o'clock in the auditorium of the Education Building. Dr. Wiley will be the main afternoon speaker.

Both general sessions will be open to the public.

Memorial Day for War II Exes to Honor 50 Men

The program for the May 5 Memorial services for W. T. exes killed in service during World War II is being completed by a committee headed by Dr. B. F. Fronabarger.

The service will be held from 3:20 to 4:30 p. m. The day will be Sunday.

Invitations will be sent soon to families of the men to be honored.

The audience will be asked to assemble quietly and reverently while appropriate music is played. President J. A. Hill will give the invocation. After special music, memorial day thoughts will be presented by a speaker not yet chosen. President Hill will read the memorial statements.

The audience will be asked to refrain from talking while filing from the auditorium.

Names of fifty exes known to have died in service have been compiled, and several other names are being investigated.

The mocking bird is the official bird of Texas.

WATCH FOR INDUSTRY

IT WILL COME... AND ALL OF US WILL WELCOME IT!

The Panhandle-Plains and Pecos Valley area is on the move... industrially. It's amazing what has happened around here the past few years. Industry has found out many of the natural advantages of our territory. Manufacturing plants of all kinds are springing up here there—everywhere—making new payrolls—new citizens—new life.

Industry knows that the Panhandle-Plains and Southeastern New Mexico area has everything to offer—including dependable electric power in quantities and at prices available only from a large interconnected electric system.

Made for the Southwest

IN HIGH ALTITUDES, like ours, Shamrock is the gasoline for your motor. Shamrock is scientifically blended for the climatic conditions here in the Southwest. In its laboratories, Shamrock set out to develop a motor fuel that would be made to order for this part of the nation. The result: a super-charged gasoline that starts at the drop of a hat, functions smoothly in your motor, and at no more cost than ordinary gasolines. Try a tankful of Shamrock's climatized motor fuel and see the difference!

Social Events of the Week Clubs and Organizations

MOTHER-IN-LAW CLUB MEETS WITH MARSHALL

The members of the Mother-in-Law Club were guests on Friday afternoon in the home of Mrs. Fred Marshall, 1407 6th Ave. at 3 o'clock.

The business meeting was conducted by the club president, Mrs. R. D. Lowery. In the absence of Mrs. Otto White, Mrs. M. E. Sorgee acted as club secretary.

Because the date of the regular meeting day was changed a number of members did not get to attend. One new member, Mrs. T. M. Thurman, was taken into the club.

The next meeting will be May 2, at the home of Mrs. G. W. Cox, 1905 4th Ave. and Mrs. Lowry asked that every member be present if possible for arrangements have been completed to have pictures made of the group on that day.

Mrs. J. C. Cole, Mrs. M. E. Sorgee and Mrs. C. H. Stratton were appointed as the nominating committee for new officers and the election of new officers will be made at the May meeting.

During the social hour refreshments were served to those attending: Mrs. Cole, Mrs. Gibbs, Mrs. Spencer, Mrs. Stratton, Mrs. Fain, Mrs. Rose, Mrs. Lowry, Mrs. Cooper, Mrs. Cox Mrs. Combs, Mrs. Bourland, Mrs. Holland, Mrs. Myers, Mrs. Steen, Mrs. Sorgee, Mrs. Cleland, Mrs. Cox, Mrs. Thurman, and the hostess, Mrs. Marshall.

MERRY MAIDS AND MATRONS MEET WITH MRS. WALKER

Thursday afternoon members and guests of the Merry Maids and Matrons "42" Club met in the home of Mrs. J. J. Walker for their regular meeting.

Lilacs were used attractively and profusely to decorate the house.

A most delicious salad course was served to the following: Mrs. Edwin Brown, Mrs. S. H. Condron, Mrs. Charlie Dowlen, Mrs. J. L. Duflot, Mrs. John Gillis, Miss Edna Graham, Miss Hellen Hickman, Mrs. John Humphreys, Mrs. R. P. Jarrett, Mrs. Lee Johnson, Mrs. T. B. McCarter, Mrs. C. A. Murray, Mrs. J. B. Speer, Mrs. A. W. Sternenberg, Mrs. R. A. Terrill, and guest, Mrs. Wm. Brune.

Help Keep Canyon Clean!

BETTER GARDENS - CLOTHING CENTERVIEW H. D. C. STUDY

"Children's clothing should be made of wash fabrics and should be comfortable. Save each piece of bread; toast it to make bread crumbs," Miss Lou Ella Patterson, H. D. Agent told the Centerview Home Demonstration club members in a double header program on children's clothing and food. Also she told members to plant radishes with carrot seed and the radishes will break the crust of the ground and help carrot seed to come through for a better stand of carrots.

This meeting was in the home of Mrs. Lester Bryan on April 5. Members made it an all day affair and worked on the tufted bedspread that is to be raffled off soon. A bountiful covered dish lunch was served at the noon hour.

Those enjoying the occasion were: Mrs. J. W. Wesley, Mrs. Earl Wesley, Mrs. A. E. Wise, Mrs. T. J. Myers, Mrs. E. W. Schaeffer, Mrs. E. R. Coleman, Mrs. H. H. Shipman, and the hostess. Children present were: Nan Earle Shipman, Billy Coleman, Doyle Gene Shipman and Mildred Bryan.

The next meeting will be with Mrs. T. J. Myers on April 19th on "First Aid." This meeting will be an all day meeting with a covered dish luncheon and members will again work on the bedspread.

ZITA H. D. CLUB HAS PROGRAM ON NEED FOR FOOD

The Zita Home Demonstration Club met with Mrs. H. D. Rose on April 9. The meeting was called to order by the president, Mrs. Wayland Angel for a short business meeting. Roll call was answered by each giving problems met in teaching a small child to dress.

The program was given by Miss Lou Ella Patterson. She stated, "Texas is being asked again to have one million victory gardens so that more food can be sent to starving people overseas."

Miss Patterson gave the demonstration on children's clothing.

Mrs. Owen Pyeatt will go to District meet in Childress as alternate for Mrs. Brightwell.

Delicious refreshments were served to one guest, Miss Pearl Black; the demonstrator, Miss Patterson; and the members, Mrs. E. A. Michael, Mrs. H. B. Hales, Mrs. H. R. Fulton, Mrs. B. E. McCormick, Mrs. Owen Pyeatt, Mrs. M. H. Rockwell, Mrs. D. C. McCormick, Mrs. Forrest Gruner, Mrs. Wayland Angel, Mrs. Ralph Ruthardt and the hostess.

The next meeting will be April 23 at the home of Mrs. B. E. McCormick.

1930 BRIDGE CLUB MEETS WITH MRS. S. L. INGHAM

Mrs. S. L. Ingham entertained the 1930 Bridge Club Friday afternoon at her home from three to six o'clock.

Refreshments of strawberry shortcake, salted nuts and punch were served. Members and guests present were: Mrs. C. R. Burrow, Mrs. Wallace R. Clark, Mrs. F. E. Savage, Mrs. T. B. McCarter, Mrs. C. H. Jarrett, Mrs. R. P. Jarrett, Mrs. Ann Wofford, Mrs. John S. Humphreys, Mrs. R. A. Terrill, Mrs. Clyde W. Warwick, Mrs. Fred Stanley, and Mrs. Joe Gamble of Amarillo.

MUSIC ARTS CLUB HEAR RECORDED SELECTIONS

On Monday evening the Music Arts Club met with Mrs. H. A. Brown.

The program which was led by Miss Ada V. Clark, consisted of recorded selections from the "Barber of Seville" by Rossini.

Eleven members were present. Plans were made for a luncheon to be held at Mrs. Newton Harrell's on May 4.

MRS. ORAL E. WINEINGER HOSTESS TO PARK H. D. C.

The Park Home Demonstration Club met in the home of Mrs. Oral E. Wineinger, Thursday, April 4. The program was opened with the members singing "A Smile Is a Funny Thing," "America the Beautiful," and "The Quilting Party."

Roll call was then answered by each member telling how she coped with the problems met in teaching a small child to dress himself.

Miss Patterson gave a talk on "Famine in the Foreign Countries" and discussed how we, as club members, could help here in our own country so that people in other countries might not starve. An article in the April "Reader's Digest" entitled "Famine Is Like This" should bring the American people down to thoughts of helping raise food—more than enough for America.

Miss Patterson gave many hints on raising bigger and better gardens easier by using scientific planting and disinfectant such as semi-san in the garden to keep seed from rotting; by improving seed. She also gave each member a leaflet of "Plans and Records for Food Preservation."

An interesting item was given which would be of interest to American housewives. The new flour on the market now is lacking in gluten. This causes bread to break down if you let it rise too much. Always watch to keep the dough from rising too much before it is cooked.

After the program on "Famine and Food" the club's regular program of "Good Clothes for Children" was held. Miss Patterson gave many helpful hints on making clothing for children and how to buy materials for making clothing. The material should be washable, wearable, comfortable, sanitary and preshrunk if one is making the garment herself.

Refreshments carrying out the spring motif were served to two new members, Mrs. George Lynn and C. T. Burch; guests, Mrs. A. T. Burks, and Miss Lou Ella Patterson; and the following members: Mrs. G. A. Colling, Mrs. Calvin Casey, Mrs. J. V. Williams, Mrs. Fred Coburn, Mrs. Frank Simon, Mrs. W. A. Bishop, Mrs. H. A. Henson, Mrs. G. W. Prater, Mrs. Kenneth Erwin, Mrs. O. E. Sherer, Mrs. Leonard Winters, the Little Misses Peggy and Pat Wineinger, Myrtle Frances Shearer, Mary Helen Prater and Barbara Erwin and Masters Richard and Raymond Burch, Jim Henson and Lloyd Wineinger.

ROBERTS-KRAGER RITES READ IN NORFOLK, VA.

The marriage of Miss Florence Krager, daughter of Mr. and Mrs. George Krager, of Adair, Okla., to Ensign Joseph H. Roberts, USNR, son of Mr. and Mrs. W. C. Roberts of Canyon, Texas, took place Wednesday evening, March 13, at 9:30 o'clock in the Central Baptist Church, Norfolk. The double ring ceremony was performed by the Rev. P. Rowland Wagner, pastor of the church.

The bride was attired in royal blue, with matching accessories and a corsage of gardenias. She carried a white Bible. Mrs. James H. Wilson, of Birmingham, Ala., was matron of honor and only attendant. She wore a three-piece stove gray gabardine suit, with red alligator accessories and a corsage of red roses.

Warrant Officer James H. Wilson, USN, was best man.

Following the ceremony a dinner and reception were given in the home of Miss Mary Brown, 703 Fairfax Avenue. After a short wedding trip, Ensign and Mrs. Roberts will reside temporarily in Norfolk.

Among the out of town guests were Mr. and Mrs. Raymond V. Moore, of Newport, R. I.

The bride has been residing in Tulsa, Okla., for the past four years. The bridegroom is a graduate of Texas Technological College, of Lubbock, Texas, and was employed by Douglas Aircraft Company of Tulsa before entering the Navy. At the present time he is in the Engineering Division aboard the U. S. S. Riverside.

On April 1 Eng. Roberts was promoted to rank of Lieutenant (jg).

WEST SIDE H. D. CLUB GETS HINTS ON CLOTHING

Cloth which contains lots of starch, should be shrunk before cutting out a garment. To do this have the selvages together and the ends straight. Fold it to fit container, small for a pan, or larger for bathtub, owing to the amount of cloth to be shrunk. Cover with water and let stand until wet thru. Do not wring, press water out, put in towel or sheet and press all the water you can out. Hang over door or other smooth object and when dry it will not need ironing, thereby saving woman labor.

Children can handle large buttons better than small ones in dressing themselves. This was included in Miss Patterson's talk, April 3 when West Side H. D. Club met with Mrs. C. E. Head.

Another thing Miss Patterson stressed was saving food for other nations. Eat one less slice of bread and more potatoes, etc., and try to have a garden.

Delicious refreshments of sandwiches, olives, potato chips, cake and punch were served to the following: Mrs. J. W. Carter, Mrs. W. C. Roberts, Mrs. B. A. Burrus, Mrs. J. A. Smith, Mrs. W. L. Avent, Mrs. J. E. Hunter, Mrs. R. A. Burrus, Mrs. Lewis Tucek, Miss Patterson, Mrs. J. D. Vandergriff a visitor, and the hostess, Mrs. C. E. Head.

The next meeting will be with Mrs. J. J. Wright, April 17 at 3 o'clock. (Please notice change of time).

GIRL SCOUTS TO HAVE NEW SCOUT CLUB ROOM

The Girl Scout Council, 8th Troop Committee Mothers and the 95 registered Girl Scouts wish to express their appreciation to the Rotary Club for furnishing the room for their meetings.

They also wish to thank the Public School Parent Teacher Association and the Sue Hite Study Club for the funds they have donated.

The Council vice president, Mrs. Piner Stevens is scout room chairman. The room is kept clean by troops rotating weekly.

PARENT-TEACHER STUDY GROUP HAVE LAST MEETING

The Study Group of the Canyon Parent-Teacher Association will hold its last meeting of the school year on April 18 from 1:30 to 3:30 in the afternoon.

The discussion will be on the articles of the April issue of the National Parent-Teacher magazine. Be sure to read this magazine and come to the meeting.

The group will meet in Miss Pronabarger's office in the Grade School.

TAYLOR - WOOTEN ENTERTAIN IN TAYLOR HOME THURSDAY

Mrs. Christ Wooten and Mrs. Jack Taylor entertained a group of friends at bridge party in the home of Mrs. Jack Taylor Thursday afternoon.

Refreshments of strawberry short cake and coffee were served.

Those present were: Mrs. Cato Merchant, Mrs. Lee Russell, Mrs. Merideth Warren, Mrs. Jack Haley, Mrs. Kenneth Black, Mrs. Robert Orton, Mrs. Kenneth Gibson, Mrs. Robert Bellah, Mrs. Ellsworth Barnard, Mrs. Bill Sternenberg and Mrs. Ed Bagot and Mrs. Harley Stone of Amarillo.

Mrs. Bagot won high score and Mrs. Stone traveling prize.

PRESBYTERIAN CHURCH

Special music at the Sunday morning service will be inspired by the Triumphal Entry, the Crucifixion and the Resurrection of our Lord. The pastor will speak on the theme, "When Jesus Comes to Canyon."

On Wednesday evening at 8 o'clock the events of Holy Week will be presented in a candle-lighting service. You are invited to prepare to celebrate the resurrection of Christ by attending these services.

We've often thought of looking up the family tree, but every time someone says we're a sap if we do.

THOMPSON'S

Wayside Items

Rev. E. H. Martin filled his appointment Sunday morning; then Sunday evening he and a number from Wayside attended the revival services at the Happy Methodist church where Rev. Martin has been conducting the singing.

Bryce Payne broke his ankle Saturday afternoon when a horse jumped out from under him while he was working cattle.

Miss Lanora Mahler spent the week end with home folks.

Mr. and Mrs. Priest are visiting in the parental W. R. Moore home.

Guests in the W. R. Franklin home Sunday were: Roy Franklin and family of Canyon; M. C. Sluder and family, Mrs. Erma Lou Harvey and son of Happy; Glen Franklin and Wayne Sluder.

A number of people from Wayside attended the funeral of Mrs. Grace McCrerey in Canyon Friday afternoon.

D. K. McGehee has recently purchased an attractive trailer house.

Several from Wayside attended the R. E. A. meeting at Tulia last Friday afternoon.

Mrs. B. C. Taylor, Jr. and young son visited Thursday through Sunday in the home of her parents, Mr. and Mrs. Foster Amburn in Floydada.

Mr. and Mrs. Clay Cooper and son, Mrs. C. O. Cooper and Mrs. Faye Cannedy visited in McLean and Panhandle Sunday.

J. D. Barker returned Friday from a business trip to California, and to visit for two weeks with his brother.

Guy B. Tabor spent the week end at home. He was enroute from Goodfellow Field, San Angelo to Sheppard Field, Wichita Falls, where he has been transferred temporarily.

Mr. and Mrs. J. W. Kleinschmidt returned last week from California where they spent three months with their daughter, who is attending college in Los Angeles.

Mrs. Clarence Thompson flew to St. Louis Sunday to attend a conference of Implement Association Secretaries. She will return today.

Miss Joyce Sanders and Miss Betty Jo Baber, who are cadet nurses in St. Anthony Hospital, visited in Canyon over the week end.

REVENGE

Walking around the barracks, the colonel noticed a long queue of men waiting outside the stables. Each held a lump of sugar.

"I'm glad to see you love animals so much," he remarked to one recruit. "I suppose the horse you're giving the sugar to is the pet of the regiment?"

"Not 'arf, sir," replied the recruit. "He's the one that kicked the sergeant."

Howard Thurston, the great magician, was once a race horse jokey in Texas.

HOME DEMONSTRATION COUNCIL MEETS

The Randall County Home Demonstration Council met in regular session Saturday afternoon, April 6, in the Council Room with the chairman, Mrs. S. G. Elliott presiding. Representatives from 8 clubs answered roll call.

Mrs. G. A. Colling, secretary read the minutes of the previous meeting and an article on earnest appeal for help from each club for National Home Demonstration week, which is May 5 to May 12. Articles of clothing, sox, materials and canned milk are to be donated for the European and Phillippean areas. Each club is to make up one or more boxes to be shipped.

Mrs. R. A. Burrus, yearbook chairman, collected the year book reports, containing changes, suggestions, etc., from each club president.

Mrs. W. C. Angel said, in her very interesting report on "Texas Agriculture," that more people are becoming interested in hospitals and insurance. Several cooperative hospitals are to be built in the near future in several of our nearby towns and cities, including Lubbock, Hale Center, Lockney and Friona.

Miss Patterson asked for several handmade bedspreads to be used for exhibit at Childress at the District Texas Home Demonstration meeting on April 26. She gave an interesting detailed account of the display planned.

Mrs. Elliott read a letter from a pineapple firm giving time for shipments and quoting prices. Each club is to turn in an estimate of the number of pineapples wanted as soon as possible.

Mrs. L. A. Pitt, recreation chairman, stated in her report that the Thompson Club room will not be available for the May tea. There will be instead a program including a Book Review on May 11.

There will be a delegates training school on Saturday, April 13. Miss Patterson requests that delegates and alternates attend, if possible.

Members attending Saturday were: Mrs. Elliott, Mrs. Colling, Mrs. Pitt, Mrs. Burrus, Mrs. Angel, Mrs. Ross, Mrs. Carter, Mrs. McCormick, Mrs. E. Winters, Mrs. Henry, Mrs. Haynes, Mrs. Schaeffer, Mrs. Brown, Mrs. Marshall, Mrs. Burrus, Mrs. McGale, Mrs. Mason, Mrs. Fulton, Mrs. Hood, and Miss Patterson.

NEWBERRY-SIMMONS RITES READ IN PITTSBURG

On Sunday, March 17, Eddie Simmons of Port Chicago claimed as his bride Miss Shirley Newberry of Pittsburg, at a lovely informal ceremony held in the Pittsburg Methodist church, with Rev. C. L. Buckner officiating.

Miss Newberry was given in marriage by her stepfather, R. O. Moore, and was attended by her sister, Mrs. E. T. Zachry as matron of honor. Jerry Lombardi served the groom as best man.

The bride chose a white suit and white hat with veil and wore black patent slippers. Her bouquet was fashioned of gardenias and tied with a huge satin bow and streamers. Mrs. Zachry was attired in a grey linen suit with patent leather accessories, and her flowers were gardenias and pink rose buds.

After the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. R. O. Moore at 136 Avon Street, Pittsburg. Mrs. Gene Newberry, sister-in-law of the bride poured punch, and she wore a light weight navy suit with gold trimmings. Her corsage was identical to Mrs. Zachry's.

A wide white satin streamer bearing the names of Shirley and Eddie adorned the lace covered dining table, and was held in place by the lovely tiered wedding cake, topped by a miniature bride and groom, and flanked on either side by slender white tapers.

Only relatives and close friends of the young couple were present.

The newlyweds spent a short honeymoon in San Francisco before returning to their recently purchased home in Port Chicago where they are both well known, and where Mrs. Simmons had been honored with a lovely pre-nuptial shower.

Mr. Simmons is a merchant marine and has about two months left to serve before he receives his discharge.

Mrs. Simmons is a graduate of Canyon High School where she was a popular member of activities and a leading student.

NEED FOR FOOD CONSERVATION STUDY OF HIGHLAND

That conserving foods in order to be able to share with the starving people of the world is an urgent problems facing every individual, and the needs for good gardens were stressed by Miss Lou Ella Patterson, county agent, when the Highland Club met in the home of Mrs. L. J. Fulton.

Roll call was answered by problems met in teaching a small child to dress itself.

Mrs. Temple Jarnagin volunteered to be clothing demonstrator. Good clothing and ways of making them and how to clean machines were shown by Miss Patterson.

Refreshments of sandwiches, punch and cookies were served by the hostess to Mrs. Temple Jarnagin and son, Mrs. J. L. Tidwell and son, Mrs. Edd Sharp, Mrs. A. F. Moore, Mrs. L. E. Mason, Mrs. A. N. Green, Mrs. Earl Norman and son, Joann Fulton and Beverly Tidwell.

Club will meet April 16 with Mrs. Frances Mitchell.

BUYING A FARM

—we can help you

Are you giving a lot of thought to the price of the farm you are buying?

It is just as important to investigate the loan you get to help pay for it—a fact that many folks have overlooked, to their sorrow.

Now, through our special arrangement with The Equitable Life Assurance Society, this bank can give you the kind of a long-term loan you need—one that will help protect your down-payment and make it easier to own your farm free and clear *sooner*.

Don't sign that purchase contract or loan application until you check the money-saving, protective features of this new plan!

How we can help you

1. PROMPT, FRIENDLY, LOCAL SERVICE—No red tape. Deal with people you know.
2. PAY ANY AMOUNT AT ANY TIME using the famous Farm Income Privilege.
3. SAVE TIME AND MONEY by making payments on your loan right here at the bank.
4. 4% GUARANTEED UP TO 40 YEARS—Loan plans are tailor-made to your needs.
5. NO EXTRA CHARGES—No stock obligations. No fees and no commission to pay.
6. PREPAYMENT RESERVE—Your extra payments build a reserve to tide you over lean years.

Let us explain this new farm-ownership plan to you. No obligation. Your inquiry will be kept strictly confidential.

Fresh Hatch Off Each Monday for Delivery

W. T. High Will Give Senior Play Thursday Evening

West Texas High will present its Senior play Thursday night, April 11. The curtain will rise at 8 o'clock. Admission will be 50 cents to all.

This production will be the top dramatic event of the high school year. A large and talented cast is directed by Mrs. Rex Lovelady, a junior at West Texas State.

"Spring Green" is a comedy in three acts. It was written by Samuel French. The play is to be staged in the Demonstration School auditorium. Tickets are on sale.

The drama takes place in a modest home of a small town which faces a disastrous housing shortage. The events concern roomers, a certain Major Todd and his unpredictable son, whose life centers around Jumbo and Salome, a lovely pair of earthworms.

Lady (to street car motorman): Please Sir, will I get a shock if I step on the track?

Motorman: No lady. Not unless you put your other foot on the trolley wire.

"We all know that books burn, yet we have the greater knowledge that books cannot be killed by fire. No man and no force can take from the world the books that embody man's eternal fight against tyranny of every kind."—President Roosevelt.

Help Keep Canyon Clean!

W. T. Beats Tech In Track

Coach Windy Nicklaus Will Take Locals to Lubbock on Saturday

West Texas State took ten of fifteen first places in defeating Texas Tech here last week in a dual track and field meet. The point score was 84 to 48.

The Buffs literally got away fast in winning the first places in the 100-yard dash. Lloyd Johnson was first with time of 9.95 seconds, closely followed by Willard Hedges and Burl Pruitt.

Hedges came out on top as a point maker, with 13½, followed by Dwaine Lyons with 13, Johnson with 11¼, and Joel Robertson, with 10. Next came Chas. Reynolds of Tech, whose best totaled 9¼ points.

The local thinclads will go to Lubbock Saturday for a triangular meet with Texas Tech and Hardin-Simmons University.

Results by events:

100-yard dash—Johnson, West Texas; Hedges, West Texas; Pruitt, West Texas. Time: 9:9½ seconds.

Mile-run — Robertson, West Texas; Miller, Texas Tech; Hodgin, West Texas. Time: 5 minutes 4.8 seconds.

440-yard relay — Won by West Texas (Pruitt, Hedges, Averyt, Johnson). Time: 44.5 seconds.

440-yard dash — Lewis, Texas Tech; Allison, Texas Tech; Kelly, Texas Tech. Time: 53.3 seconds.

220-yard dash — Johnson, West Texas; Hedges, West Texas, Reynolds, Texas Tech. Time: 23.7 seconds.

880-yard run — Willoughby, West Texas; Leach, West Texas; Cruser, Texas Tech. Time. 2 minutes 8.8 seconds.

880-yard relay—Won by Texas Tech (Roe, Brewer, Reynolds, Allison.) Time: 1 minute 35 seconds.

Two-mile run—Robertson, West Texas; Miller, Texas Tech; Willoughby, West Texas. Time: 11 minutes 43 seconds.

Mile relay—Won by Texas Tech (Lewis, Kelley, Reynolds, Allison). Time: 3 minutes 38 seconds.

Shot-put—Lyons, West Texas; Schlinkman, Texas Tech; Hedges, West Texas. Distance: 41 feet 5 3-4 inches.

High jump—Ford, West Texas; Leach, West Texas; Fisher, Texas Tech. Height: 5 feet 8 inches.

Pole vault—Reynolds, Texas Tech; Smith, West Texas; Hutchins, Texas Tech. Height: 10 feet.

Broad jump—Steen, West Texas; Tidwell, Texas Tech; Hedges, West Texas. Distance: 21 feet 2½ inches.

Discus throw — Florence, Texas Tech; Lyons, West Texas; Hedges, West Texas. Distance: 120 feet 10 inches.

Javelin throw—Lyons, West Texas, Hedges, West Texas; Glasgow, West Texas. Distance: 148 feet.

One of our Golden Gloves boxing friends, in trying to sell us a ticket the other day, said we'd see more fighting for our two dollars than we ever saww in our lives. Guess he forgot what a marriage license costs.

The daughter has come to an agreement with one of her prospective husbands. He is to help her wash and do the dishes, and she is to help him do the cooking.

Dr. Jessica Raiche of Santa Ana, California, was the first woman to fly an airplane in the United States. She flew a plane at Mineola Field, Long Island, in 1910.

Women are fools to marry . . . but what else can a man marry?

This Is "Be-Kind-To-Combines" Week!

Yes sir! Here at McCormick-Deering headquarters we've decided it's high time somebody started doing something for the combines in this community. They did a big job last year and we want to make sure they will be in shape for the next harvest. So we're ready to give yours whatever it needs—anything from a simple adjustment to the works!

The same thing goes for your tractor and every implement and tool on the place. We are specialists in farm equipment repairs. That's our business. When you bring a machine in here it's treated right. We don't wonder how to fix it—we know, and on this knowledge we stake our good reputation as a McCormick-Deering dealer.

Make this a "be-kind-to-equipment" week on your farm. Check your machines. List the parts you need. Order them now. Tell us what repairs should be made and let us schedule your work so that it will be ready on time. We guarantee good service, genuine IHC parts and the best deal you can make on new equipment.

Highland News

Don't forget the Farm Bureau meeting at the Highland school Friday evening, April 12th. The newly elected officers will preside.

Mrs. Geo. Cook returned home Friday after visiting her son and family in Michigan, the past three weeks.

Mr. and Mrs. Harry Fuqua entertained the young people of Wildorado with a party last Friday night.

Mr. and Mrs. Geo. Patriquin and daughter of San Francisco, Calif., visited at the Jack Cage home several days last week. They left Friday for Dallas to visit her parents, Mr. and Mrs. John Cage.

Mr. and Mrs. Tom Watson visited at the Carl Fuqua home Friday evening.

Mrs. Harry Fuqua was honored last Wednesday at 104 Crestway in Amarillo with a post-nuptial bridal shower.

Farmers are dong spring plowing, wheat still looking O. K. but farmers are wishing for rain.

Mr. and Mrs. Jack Cage, Mr. and Mrs. McKaughan, Mr. and Mrs. Carl Fuqua and Bobbie Walton were visitors at the Harry Fuqua home Sunday.

Cherry trees and lilacs are in full bloom in this vicinity at present.

Notes From The County H. D. Agent

Some interesting facts about the new darker flour and its use have come to my desk. Considerable experimental work has been done by various laboratories to determine how it would serve us in the place of the whiter flour. The following material that comes from the "Wheat Flour Institute" of Chicago should be helpful in using the new flour.

In baking, Emergency Flour is used just like enriched white flour. In making products leavened with baking powder, or with sour milk and soda, it seems advisable to use the minimum amount of mixing or stirring after flour and liquid have been combined. The rule for quick breads, "Mix only until flour is moistened," is doubly important in using Emergency Flour.

In baking yeast leavened products it is well to handle batters and doughs lightly, especially after they have risen once. The most important thing to remember when making yeast-leavened products is to avoid letting them get too light or rise too long. Letting them rise until just about doubled, but not more than doubled, seems a good rule.

Emergency Flour will not keep as well as white flour. Consequently it is advisable for homemakers to buy Emergency Flour in quantities which they will use within a few weeks.

After filling out one of those Federal income tax blanks, a fellow quickly concludes that Uncle Sam also taxes the memory.

Next we will hear that the congressmen who are supporting the unions have claimed that exemption in their income tax.

The war has made women so independent that the GI's new home will need two master bedrooms.

Used to be that when a fellow bought a tire he'd roll it out to the car. Nowadays he picks it up and carries it, to save the rubber.

Nikolai Lenin's wife was the famour Russian woman, Nadezhda Krupskaya.

Russia plans to make The Palace of Soviets the highest building on earth.

White Russians are the natibe, Byelo Rusians. White Guards are Anti-Soviet emigres.

The legal name for the Soviet people is the Union of Soviet Socialist Republics.

The Japs have discovered that we Americans come to a slow boil, but stay hot for a long time.

North Africa is peopled by tribes of dark complexion but of white blood, called the Hamitic group.

The picturesque Cossacks come from the Don, in Russia.

Sixteen constituent republics comprise the U. S. S. R.

ROTC Unit Is Under Study

Non-Compulsory Plan Is Proposed—Action May Depend on Congress

Establishment of a ROTC unit on the campus of West Texas State College by next fall is a possibility.

President J. A. Hill, after a conference with U. S. Army officers, expressed an interest in the possibility and asked for a detailed plan. Establishment of the unit would be dependent upon appropriations made by Congress for the expansion of ROTC training in this country.

Dr. Hill said his first choice would be an ROTC infantry unit and his second choice an Army Air Forces unit. The army would establish a rifle range and furnish instructors, and the college would provide storage space for equipment. Students would enroll in the ROTC on a voluntary basis and would take the regular college course in addition to the military subjects.

Final approval of such an establishment will be considered after the army's program is more clearly defined, Dr. Hill said.

THE ANSWER

The debate was overheard between some men as to whether it was cheaper to move or pay rent. Opinion being about equally divided, they referred the question to the oldest man they knew.

"Is it cheaper to move or to pay rent, Bill?"

Said Bill: "Well, mates, ye see I ain't in a position to say, I've always moved."

The judge was giving his regulation lecture on the evils of gambling. "So you see," he concluded, "what a wicked thing it is to shoot craps, especially on the Sabbath. Have you nothing better than that to do on Sundays?"

"Oh, yessuh, Judge," replied the prisoner. "Most gen'ally ah caddies fo' you when you plays golf with Mistuh Smit fo' a dolluh a hole."

A Westinghouse research engineer, P. B. Cochrane, invented a red paint that automatically indicates when machinery is overheated. It turns black at 150 degrees and remains that way until the machine is cool again, then resumes its brilliant red color.

Wine was used in the the 15th century, in Italy to dissolve the gall, one of the ingredients in making printing inks.

Quill and Scroll Pledges Produce Various Costumed Procedures

Six Candidates Perform Initiation Antics, Friday

What's up Doc? There seems to be everything but pink elephants with purple dots, in the halls of ye' ole Alma Mater!

Unmask that critter pulling the wagon and let's find out what goes on. The "critter" is Joan Morton but all we can get out of her is that she is a horse and she's giving rides in her wagon at five cents or more per. Poor girl, the case must be hopeless. She tap danced in the library, on all fours, too!

And there's "Half and Half," Ruth Prichard! Half man and half beast, no doubt. Pants on one leg, a delapidated nulon fastened with a suspender on the other. Oh yes, one side of her hair is up, the other side down. There is makeup on her more feminine side, none on the other.

Now, let us rush down the hall. After this, we can stand anything! Gad! Who is that? Everyone knows the teacher shortage is acute but really now, this is going too far! This old dame in her 1920 gown is too much. The gown is of peach satin, shirred at the hip and the hem-line is of the dripping variety. The horn rimmed glasses and the upswept hair-do add to the sophisticated air of this old fossil. Confidentially, the flapper faintly resembles Valeta Haines.

Here comes old mother Hallowe'en herself, riding on a broom, of course, as all witches do. With her flowing robe and spooky head gear—what a character! Where was your black cat, Anita Johnigan?

Are they having nursery school in the homemaking department? We didn't think so, but if not, who is the cute little child in the red bonnet? Perhaps she'll say something for us if we can get her bottle out of her mouth. Careful, don't make her cry! Now you've done it, you big lug, give her her teddy bear! Just a minute, she's saying something. "Goo" says Shirley Harrison. Her vocabulary is somewhat limited, isn't it?

Great scott! here comes another fugitive from the primary department. Such a picturesque child with her blonde pigtails and pink ruffled pinafore! "Build thee more thatoly manthionth, oh, my thole," recites the lisping brat, Geraldine Small. (We notice that Gerry didn't have much trouble acting the part!)

You must have guessed by now, Friday, April 5, was the date of initiation for six of this year's Quill and Scroll pledges. Two of the pledges, Louise Dickinson and Cheri Kilchriste are to be initiated at a later date.

STAFF

Editor ..... Louise Dickinson
Assistant Editor ..... Frances Gooch
Second Asst. Ed. ..... Shirley Harrison
Business Mgr. ..... Geneva McDougal
Chief Copyreader ..... Anita Johnigan
Exchange Editors—Cheri Kilchriste and Billie Jo Wallen
Sponsor ..... Mrs. Nora E. Gilmore
Reporters: Geraldine Small, Martha Jean Avent, Louise Tucek, Valeta Haines, Ruth Prichard, Joan Morton, and Guy Brant.

UP AND AT 'EM

Yes, we know it's spring. And we also know that when spring comes, every body and soul gets spring fever.

All this doesn't effect the teachers any, though. They still give assignments and expect them in on time.

Now that there's only a few more weeks left in this school year, it's up to every student to work hard and make a good grade this last six weeks.

In spite of all these "spring fever blues" and spring romances and "gruesome twosomes" let's make those grades. Get us and at 'em and (lessons, son, lessons!) and make thoe grades. Get up and at 'em and get it over with; then when summer comes you can sit back and take it easy.

by Cheri Kilchriste.

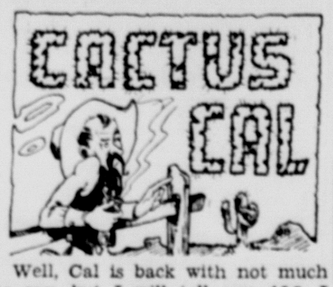
IT'S A DATE

Bring out those mild weather dresses now, and have them like new again by our modern scientific dry-cleaning technique. Bring them in today, so they'll be back in plenty of time when you need them.

Spring is here, and we may expect warm weather soon.

Bring a Hanger!

CANYON TAILORING CO.



Well, Cal is back with not much to say, but I will tell you ALL I know.

Yep, here is something I can't understand, but it certainly does look like Frances Standley is playing second fiddle to a certain cute little freshman girl. How about that, Charles Wright?

That cute ex-student, Mary Lou Gunter, is going to be married real soon. Best wishes!

That was quite a triangle between Tommy Gooch, Opal Brant, and Walton Byrd. Tommy finally won out and it looked as if they were having a swell time at the senior play.

Suzanne Stephenson, Ridings Sloan, Louise Prichard, and Orville Turner were seen at the play together. Not bad, nope, not bad at all. (Ridings, where does Sue Ann Colwell fit in the picture?)

And you just can't guess what! Boy, I was really shocked. Did you know somebody had a date with somebody the other night. I promised I wouldn't tell so don't you dare tell anyone.

Seen together last Thursday afternoon and night were Donnell Ruthart, Marian McReynolds, Harold Martin, and Donna Erwin. Say, kids, did you have a good time?

And did you know? Well it is really worth reading. Sue Jennings and Charles Mobley had a date for the senior play. But what really knocked me for a loop was Elmer Mickey and Letha Harwood. Now I know that's true 'cause I saw 'em myself.

Old Cal hereby makes a motion that it be very muchly so against the rules for boys reading girls' diaries without their consent.

Flashy Flash:

Easton Wall is Irma Gilliam's dream boy.

Malcolm Gunter was seen riding around with a girl Sunday before last and it wasn't THAT girl from W. T.

Mary Elizabeth Jennings and W. T.'s Dick Beck sure seem to get along.

Janey Forrester and Don Hickman were at the senior play together.

Hey, have any romances come back to spark with the senior play practice? How about that, Blake?

How come I saw all those junior boys namely Bill Davis, Wilbert Long, James Guthrie, and James Rigsby, going stag at the play?

It seems as if Nancy Ann Nicklaus really get around. She attended the show Saturday night with W. T.'s Bill Knighton.

I was really surprised when I heard this. Joan Morton, Red Woolsey, Muriel Faye Cope, and Harold Woolsey were together all day Sunday and Sunday night. Not bad!

It looks as if Bargara McDougal and Ema Gene Zachry have a good time every time Jack and Dick Ratjen come to Canyon.

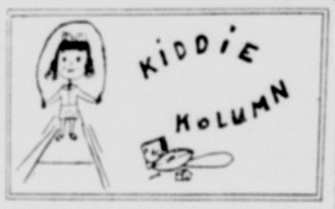
1946 Quill and Scroll Pledges

Reading from left to right are this year's Quill and Scroll pledges: Valeta Haines, Anita Johnigan, Joan Morton, Shirley Harrison, Cheri Kilchriste, Ruth Prichard, Geraldine Small, and Louise Dickinson.



With the most representatives, Mrs. Roscoe Davis' room won the P. T. A. attendance prize of $1.00. They are going to buy books with the money.

Wilford Taylor brought his kite to school so Mrs. Black's first grade has been drawing pictures and telling stories about them.

Mrs. A. K. Goodman and her third grade wish to extend their sympathies to Lucy Hollabough because of the death of her grandfather.

Mrs. Gillispie's fourth grade has learned its multiplication tables and received new readers last week. They were also very glad to see Helen Meyer back to school after a long illness.

Visitors in second, third, and fourth grades were Mrs. Torson, Mrs. Hutchinson, and Mrs. Fortenberry, teachers from Hereford. Each year they have one day for visiting so they spent half a day here and then went to Amarillo for the rest of the day.

Mrs. Jones' fifth grade has been studying diseases and having round table discussions. Elaine Cundiff's committee won first place with a talk on trench mouth. Peggy Bond (tetunis), Tommy Middleton (cancer), and Doris Ann Jennings (diphtheria) all were chairmen of a committee that discussed the disease mentioned.

Extending their sympathy to Wynill Montgomery because of the death of her uncle, G. I. Hollabough are Mrs. Cousins and her fourth grade.

A surprise birthday party for Jack Metcalf was the main event in Mrs. Collins' first grade last week. It was his seventh birthday, and Mrs. Metcalf served refreshments consisting of birthday cake and punch to all the children.

On the sick list in Mrs. Gillispie's third grade are Joe Dickerson and Yvonne Jackson.

The mothers of the children are working on the costumes for the musical operetta to be presented April 26.

A new pupil in Mrs. Black's first grade is Patricia Theusman from Dalhart.

The third and fourth grade boys have been having a series of ball games on Fridays. The third grade won the first game, and the fourth grade won the second.

New officers were elected in Mrs. Jones' fifth grade and they are: Barbara Glanton, president; W. M. Thompson, vice-president; Clay Lindsey, secretary; Kenneth Caskey, treasurer; and La Rue Davis, reporter.

Mrs. Jones was absent from school, April 2 and 3, due to a bad case of tonsillitis.

Round table discussions of different subjects in the Western States are the chief interest in the sixth grades.

Mrs. Walsh and Mrs. John Davis went to Fort Worth last Friday and stayed until Monday. Mrs. Davis attended a teachers' meeting and Mrs. Walsh went to see her son.

Visiting in Mrs. L. M. Cousins' fourth grade last week were Mrs. Ralph Cabe and Mrs. Elwood Shero.

Madine Cowger and Lura Nell Prichard have been ill and were out of school all last week.

For the last two Fridays, the two fourth grades have been having arithmetic contests. Mrs. Cousins' fourth grade won the first one and Mrs. Brasher's class won the second one.

Due to a broken arm, Jimmy Dietz, sophomore, was absent from school during the three weeks from March 11 to April 2.

Sammie Pond, who has been out of school for several weeks, due to an illness caused by bad tonsils, returned Monday to her 7-1 classes after having had a tonsillectomy.

Seniors had a class meeting Tuesday, April 2, in which they decided to have purple graduation caps and gowns with white tassels. It was also decided who would take the different duties connected with the Senior play.

Guest Speaker is Wilma Herring

Highlighting the meeting of the Annus Secundus Dommi Factum, Wednesday morning, was a lecture and demonstration on flower arranging. The guest speaker was Miss Wilma Herring of the West Texas State College Home Economics department.

Miss Herring stated, "The beauty of the home is greatly enhanced by the addition of flowers attractively arranged in appropriate containers. Only a few flowers are needed to make an attractive centerpiece. The flowers should be arranged as they grow so that all of their natural loveliness is retained. Expensive containers are unnecessary; bowls, cups, sugar bowls, etc. can often be used to create a centerpiece of unusual beauty and distinction."

Miss Herring then demonstrated with various types of flowers including fruit blossoms of different varieties. She also arranged a centerpiece composed of painted, dried flowers and plants.

This club program was presented as an introduction to the unit on Care of the Home and Its Furnishings, which the Home Economics II class are to begin soon.

FHA Hoboes Make Club Fund Money

"Yes, I have some weeds to be pulled and some dishes to be washed if you want to do it."

"Well, we'll do anything so I guess we are ready to start."

This is what FHA girls heard and did over town last Saturday in an effort to raise money for the club. The girls mare $29.58 doing jobs from polishing shoes to pulling weeds out of yards. Some of the members who didn't participate in the Hobo Day are contributing toward the fund.

Members that took part in this day have a chance to go to the area meet of Future Homemakers in Pampa, Saturday, April 27.

June Jennings and Juanita Avent hold the high money making honor because they made $7.70.

"We want to thank everyone that helped us on our project and especially those that made donations for our cause. We regret that many people weren't at home when we called, but we are satisfied with our club's progress," states Juanita and June.

by Joan Morton

At a meeting held last Friday afternoon, the Eaglettes elected a captain and co-captain to go down on the records. Anita Johnigan was elected captain and Johnnie Ford, co-captain.

Coach Grace Aaron appointed captains for the girls' volley ball intramurals which began Tuesday at noon. They are: Anita Johnigan, seniors; Frances Gooch, juniors; Valeta Haines, sophomores; Dorothy Butler and Juanita Avent, freshmen; Joanna Haines, eighth grade; and Ruby Lee Bonds, seventh grade.

Silver volleyballs will be presented to the main ten volleyball players soon. Practice was discontinued last Tuesday.

Boys' baseball practice has been going on for the last two weeks and intramurals will begin sometime in May.

Spring training for football started Monday afternoon, April 8. Forty-one boys came out.

Simms Daily Shows Hidden Math Tricks

At present 160 students are taking 7th, 8th, and 9th grade math under the instruction of Mrs. Billie Simms. Of this number approximately 16% make A's and 24% make B's.

"In teaching math I never stress rapid calculations, but I do stress accuracy and a development of number sense. The University of Texas publishes a small bulletin called 'Developing Number Sense' that is a challenge to any alert mind and my students have always enjoyed work in it," states Mrs. Simms.

In five classes of arithmetic each class is studying a different unit. 9-A is studying ratio and proportion. 7-2 is working on interest, and 7-1 is calculating area and perimeter. ("7-1 has fenced and plowed every plot of ground in Randall County," Mrs. Simms remarked.) 8-1 is in the big banking business, and 8-2 is now studying a unit on volume.

During the past four years standardized tests have been given to the math classes of this section.

"The rank in the tests has always been gratifying," Mrs. Simms continues, "and take all the hard work, the 'ifs,' the 'ands,' and the 'buts,' I like my work with these youngsters very much, and I'd rather teach arithmetic than any other subject in the curricula," she concludes.

After a gentleman had spent nine weeks in Scotland and had seen rain every day, he asked the girl in a tobacco shop:

"Does it rain every day here?"

"Oh, no, sir," she replied blithly, "sometime it snows."

Ex-Students Visit Ole Alma Mater

"Our hearts are filled with gladness and pride in Canyon High," when we, the present student of Canyon High, see the exes come back to their Ole' Alma Mater.

Seen strolling down the main hall early one morning last week was Mary Lou Gunter, graduate of 1945 and with her was Rissie Mann.

After talking with her awhile and studying a 'wee bit' I came out in the hall and who should be roaming out there but—Clifford Abbott and Dick Woods, both graduates of 1943. Clifford has been in the navy for four years and Dick is awaiting orders to go into the service. Talking with these boys gave me a lift and I got through the day on a rosy cloud.

For a few days we had no visitors and then one afternoon Hal Harrison appeared stating that he and his wife are home on a naval leave from California. He graduated in 1939 and then signed up in the navy for six years.

Dean Nickolas, a graduate of '41 has been seen up here at senior play practice several times.

Well, Claudine Foster came up this morning to see how things were coming along. She graduated in 1944 and is a Cadet Nurse in Amarillo.

That is the list of CHS's recent visitors and we hope to see them and more exes up here soon.

Davis, Davies Head Classroom Body

Mrs. John Davis will head Classroom Teachers of Canyon Public Schools again for the third straight year. Other officers elected are as follows: Miss Kathryn Davies, first vice-president; Mrs. J. L. Gilmore, second vice-president; Mrs. A. K. Goodman, secretary and Mrs. Roscoe Davis, treasurer.

Eighteen members of the organization met Tuesday night at the home of Mrs. A. K. Knott, 2002 Fourth Avenue, to elect the officers named above, and to hear reports from two representatives, Mrs. John Davis and Mrs. Andy Walsh, who were sent to the Classroom State Convention recently held in Fort Worth, Texas.

Plans were also made to further the opportunity to hear Charles M. Rogers, superintendent of Amarillo Schools, speak in the High School Auditorium, Thursday, April 11, at 8:00 p. m.

This group together with the entire faculty is arranging a covered dish luncheon in the near future, honoring Dr. J. B. Speer who is to leave the school shortly for new fields of work, according to a statement made by Mrs. John Davis.

Marjorie: That man you introduced me to yesterday took me to dinner last night, and he was very nice. He remarked especially on my bird-like appetite. What line is he in?

Cutting: He runs an ostrich farm.

Girls May Enter ILPC Contests

Meeting Convenes Thursday May 2 in Austin, Texas

Because the Eagle's Tale has the distinction of being a winning paper in its class and district of the Interscholastic League Press Conference, two representatives of the staff are entitled to be contestants in the state journalism contest to be held in Austin, Thursday and Friday, May 2 and 3. Those elligible for this honor are Louise Dickinson, Frances Gooch, and Betty Ann Miller.

One of Best Papers

Thirty of the best high school papers in the state of Texas received this honor. The Eagle's Tale ranks as one of the two to four best papers in class B high schools with less than 300 students, and will be sent an Award of Distinguished Merit according to an announcement received from Dr. Dewitt Reddick, I. L. P. C. director.

Contests for Delegates

Both delegates from Canyon High will take part in all five of the following contests: newswriting, editorial writing, feature writing, headline writing, and copyreading. Each will also be eligible to vote for state officers of I. L. P. C. for the coming year.

"The journalism class has worked unusually hard this year," states Dr. J. B. Speer, "and I am going to make a serious effort to see that the representatives are permitted to attend the Meet."

Hundleys Present Religious Music

Opening the assembly program Friday was Reverend W. J. Phelps, assisted by the Hundley Brothers from the Assembly of God Church.

After a short introduction of the Hundley Trio, Raymond, Eddie and Robert, from Floydada, Texas, the boys presented the following program:

Musical number—"Onward Christian Soldiers."

Song—"Did You Ever Go Sailing?"

Musical number—"The Fight Is On."

Song—"I'm Learning Everyday" sang by Jane Gilliam and Joyce Crowley.

Song—"Longing For Jesus."

Musical number—"On the Jericho Road."

Talk—Brother Phelps.

Robert, age 17 plays 15 different instruments including the trombone, trumpet, guitar, and clarinet, which he played in assembly. Eddie, 16, and Raymond, 15, preachers, sing together with him in the trio. Each takes turns or combines in the accompaniment.

In the remaining assembly program the Quill and Scroll members were initiated by Frances Gooch and Betty Ann Miller, members of last year.

Reverend Phelps concluded his portion of the program with a talk, Quill and Scroll members were initiated, and Reverend Phelps closed the assembly with a prayer.

Spearman Lynx Hit W. T., 35-31

Tuesday evening the majority of the 1946-47 basketball prospects ventured to Spearman to tangle with vengeful Lynx for four fighting quarters and a four minute over time in which the Lynx nabbed the four winning points. The final score was 35 to 31.

This game was played to settle the minds of the five Spearman players. It is remembered that W. T. beat the Lynx 34 to 29 at the Canyon High tournament and that no other game was scheduled to give them a chance to redeem themselves. They were given their chance Tuesday, but they had to hustle all the way.

Hooper and Johnson were the only seniors who made the trip. Hooper contributed eight of the total thirty-one points. Johnson provided for two free tosses. Carter, Cox and Ewton—three probable starters next year—played with sure ability.

This was a post-season game played for the purpose of raising money. Total gate receipts amounted to $1,800.

PHILLIPS 66 GASOLINE

FULL CREW

The manager of a touring theatrical company wired the proprietor of a theater where his company was booked to appear: "Would like to hold rehearsal next Monday afternoon at three o'clock. Have your stage manager, carpenter, property man, electrician, and all stage hands present at that hour."

Four hours later he received the following reply: "All right. I'll be there."

TIME WILL TELL

The landscape architect was showing a woman over a formal garden.

"What's that?" she asked.

The architect told her it was a sundial.

"What's a sundial?"

Whereupon her companion patiently explained how the sun, moving through the heavens, casts a shadow, which is recorded on the dial, indicating the time of the day.

The woman beamed with interest.

"My! What will they be thinking of next?" she exclaimed.

Pig iron is so called because the molten metal is run into a long mass, with shorter pieces attached to it at right angles . . . the long pieces being called the sow and the shorter ones the pigs.

The Lone Star Flag of Texas, presented to the 36th Division by Governor Coke R. Stevenson, has been raised on German soil.

They celebrated at the depot the other day because old No. 6 came in on time. Then they discovered the train was a day late.

SPEED

An Italian general was addressing his troops.

"The Australians are approaching," he shouted, "and I want you to stand firm and fight to the last. To help, each man shall be given a good stiff drink."

"Shall I get you a drink, sir," whispered an officer.

"Good gracious, no," whispered back the general. "The darn stuff might go to my legs and reduce my speed!"

When ma says that pa hammers nails like lightning it doesn't necessarily mean that he's fast; could be that he just never hits twice in the same spot.

What a man stands for isn't everything; what he falls for is also important.

THE STATE OF TEXAS
County of Randall

To: W. H. Moore, and the heirs and legal representatives of said W. H. Moore, Defendants, and all other proper persons, including all record lien holders, owning or claiming, or both, any interest in the land or lot hereinafter described, same being delinquent for taxes to plaintiff herein and to The State of Texas and the city of Amarillo, Texas, taxing units in said State herein impleaded by plaintiff.

And You Are Hereby Commanded to be and appear before the 47th District Court of Randall County, Texas, at the next regular term thereof, to be held at the Court house of said County, in the City of Canyon, Texas, on the fifth Monday in April, 1946, the same benig the 29th day of April, 1946, to plead and answer Plaintiff's Petition filed in said court on the 28th day of March, 1946, together with pleas of intervention and claims now on file or hereafter filed in said cause by all other parties therein, in a certain suit No. 457-T in which The Amarillo Independent School District is Plaintiff, and W. H. Moore, the heirs and legal representatives of W. H. Moore, The State of Texas and the City of Amarillo, Texas are defendants, and then and there to show cause why judgment should not be rendered against you, and said land or lot sold under foreclosure of lien to satisfy the following taxes being delinquent against said property, to wit:

Lot Number One in Block Number Thirty-seven of the Edgefield Addition to Amarillo in Randall County, Texas, on which taxes are delinquent to plaintiff for the years 1936 to 1945 inclusive in the sum of $15.06 exclusive of all interest, penalties and costs; together with all interest, penalties and costs allowed by law.

Given Under My Hand and Seal of Said Court, at office in Canyon, Texas, in the County of Randall this 28th day of March, A. D. 1946.

(Seal) A. B. HOLT,
Clerk District Court
Randall County, Texas.

Farmers are your neighbors - They want you to know that -

Cooperatives

•breathe life into our system of FREE ENTERPRISE

Farmers, workers, and business men formed an unbeatable team to help win the war. America needs that teamwork now to win the peace.

THE phrase, "free enterprise", is heard everywhere these days. People refer to "our system of free enterprise". Most Americans are for free enterprise. We are freedom loving people. We must stay that way.

But some people who are loudest in proclaiming its virtues could not, if they were called upon, give a good definition of the phrase. They should know its meaning.

"Free enterprise" means "a project, especially one which involves activity, courage, energy or the like, not subject to arbitrary external power or authority". That definition is taken from Webster's unabridged dictionary. Webster is the foremost authority for meaning of all words and phrases in our language.

The desire for free enterprise is one of the chief reasons which attract freedom-loving American farmers, your neighbors, to cooperatives. Farmers see in their co-ops the embodiment of the free enterprise system. They lend their enthusiasm, their courage, and their energy to all of their cooperative undertakings.

The farmers are free from arbitrary external power or authority. They share in the savings according to the amount of their individual effort or patronage.

No matter how many shares in his cooperative a farmer may own, he can have but one vote at the stockholders' meetings. He is on the same plane as the young fellow just starting out who has his whole future before him. They are equals.

Yes, the farmers' cooperatives breathe life into free enterprise. They make free enterprise responsive to the every day needs of the people they serve.

Be a booster for the farmers' co-ops in your community. They are owned by your neighbors, the farmers.

These cooperatives help build your community
